

Portrait [B] release on RavenBlackMusic® (UK)

Late January 2014 Portrait [B] received a mail from RavenBlackMusic®. This English independent label would like to release their EP “Misery Boy“ digitally worldwide.

Yan 'k: Portrait [B] participated at one of the preselections of Exposure Music Awards Belgium as we were nominated for Best Rock, Best Song and Best Live Act. The professional jury liked our melancholic pop rock. At the finals in the famous Belgian Rock Temple Nijdrop (Opwijk) received two Awards: Best Rock and Best Song. We were also preselected by Humo's Rock Rally, but did not make it into the finals of the Belgian version of “ Battle of the Bands”. However this deal with

RavenBlackMusic® is a step forward!

Mark: We got great beer, nice mics and eternal fame. The gig organized at Bar Music hall in Shoreditch last November was the cherry in the cake. Thank you Exposure Music Awards! After the concert Dean Hill from Exposure Music Awards UK and RavenBlackMusic® contacted us to work out a win/win contract. RBM is a development label and helps with distribution, but also support of the bands with potential. In our opinion this is “the place to be“ for a band at the current point in our career.

Portrait [B] will launch their EP “Misery Boy” at the Exposure Music Awards UK day in AAA@Archangel in London (UK) on Sunday March 30th. They will headline the show.
